Introduction	1
1 Literature	3
1.1 Search Models in the Labor Market	3
1.2 Directed Search	4
1.3 Wage Dispersion	4
1.4 Inequality in Education	5
1.5 Empirical Studies	5
1.6 Contribution to the Literature	6
2 Model	7
2.1 The environment	7
2.2 Matching	8
2.3 Utility	9
2.3.1 Firms	9
2.3.2 Workers	10
2.4 Replacement	10
2.4.1 λ 's law of motion	10
2.4.2 u 's law of motion	11
2.5 Equilibrium	12
2.5.1 Conditions	12
2.5.2 Equilibrium Wages	13
2.5.3 Directed Search	13
2.5.4 Steady States	16
3 Data and Calibration	17
3.1 Matching Function	17
3.2 Data	18
3.2.1 Data Treatment	18
3.3 Parameters	18
3.3.1 Firm Productivity	18
3.3.2 Exit Rate	18
3.3.3 Interest Rate	19
3.3.4 Unemployment Benefit	19
3.3.5 Vacancy Cost	19
3.4 Markov Chain	19

3.5	Calibration	20
4	Results	22
4.1	Markov Chain	22
4.2	Directed Search	24
4.3	Steady State	24
4.4	Tightness	25
4.5	Jobs	27
4.6	Wages	28
4.7	Other Chains	31
	4.7.1 Less productivity Spread	31
	4.7.2 Semi-Rigid Distribution	31
	4.7.3 Random Chain	34
4.8	Discussion	36
	Conclusion	36
	Bibliography	39

List of Tables

3.1	Estimated moments.	20
3.2	Estimated moments.	21
3.3	Distribution of Productivities per Skill level.	21
4.1	Estimated Markov Chain.	22
4.2	Markov Steady State.	23
4.3	Productivity Multipliers	24
4.4	Estimated Steady State λ	24
4.5	Estimated Sectorial θ	25
4.6	Estimated Sectorial θ	26
4.7	Jobs by sector.	27
4.8	Vacancies by sector.	28
4.9	Wages by sector.	28
4.10	Wages by sector.	28
4.11	Actual Wages by sector.	28
4.12	Percentage of Output by sector.	29
4.13	Estimated Steady State λ	31
4.14	Estimated Markov Chain.	31
4.15	Estimated Steady State λ	32
4.16	Jobs by sector.	32
4.17	Wages as % of productivity by sector.	32
4.18	Wages as % of total output by sector.	33
4.19	Estimated moments for Semi-rigid.	33
4.20	Estimated Random Markov Chain.	34
4.21	Estimated Steady State λ	34
4.22	Jobs by sector.	34
4.23	Wages as % of total output by sector.	35
4.24	Estimated moments for random.	35

List of Figures

3.1	Margins for both parents.	20
3.2	Histogram of wages.	21
4.1	Markov Chain Representation.	23
4.2	Percentage of total output by educational level.	25
4.3	Tightness by sector.	26
4.4	Jobs by sector.	27
4.5	Total Wages Paid.	29
4.6	Percentage of Output.	30
4.7	Total Wages Paid.	33
4.8	Total Wages Paid.	35
