

## Tabla de contenido

### Capítulo I

Introducción.....	1
Bibliografía .....	5

### Capítulo II

#### **Contrasting P-T paths of shield and rejuvenated volcanism at Robinson Crusoe Island, Juan Fernández Ridge, SE Pacific.....**

Abstract .....	7
II.1. Introduction.....	7
II.2. Juan Fernández Ridge .....	8
II.3. Methods and analytical procedures.....	9
II.4. Results .....	11
II.4.1 Geological overview of shield and rejuvenated exposures .....	11
II.4.2 Whole rock major element geochemistry .....	12
II.4.3 Mineral chemistry and geothermobarometry .....	12
II.4.3.1 Methodology .....	12
II.4.3.2 Pressure and temperature for the shield stage.....	13
II.4.3.3 Pressure and temperature for the rejuvenated stage .....	14
II.4.3.4 Xenoliths.....	15
II.5. Discussion .....	16
II.5.1 Heterogeneous crystal origin.....	16
II.5.2 Contrasting magma ascent and storage paths .....	17
II.5.2.1 Shield volcanism .....	17
II.5.2.2 Rejuvenated volcanism .....	18
II.5.3 Robinson Crusoe storage system in hotspot global view .....	18
II.6. Conclusions.....	19
Acknowledgments .....	19
Bibliography.....	20
Tables .....	26
Figures .....	38

### Capítulo III

<b>Ascent and storage model for the shield and rejuvenated volcanism of Robinson Crusoe extended to other volcanoes of Juan Fernández Ridge</b> .....	49
III.1. Introduction.....	49
III.2. Methods and analytical procedures .....	49
III.3. Geochemical and petrographic main features .....	49
III.4. Mineral chemistry, geothermobarometry and crystals origin .....	50
III.5. Magma ascent and storage in Juan Fernández Ridge .....	51
Bibliography.....	53
Tables .....	55
Figures .....	62

### Capítulo IV

<b>Mantle plume beneath Juan Fernández Ridge: <math>^{40}\text{Ar}/^{39}\text{Ar}</math> plateau ages progression consistent with the Nazca plate movement</b> .....	69
IV.1. Introduction .....	69
IV.2. $^{40}\text{Ar}/^{39}\text{Ar}$ geochronology of JFR .....	69
IV.3. Recognizing the rejuvenated volcanism in JFR .....	69
IV.4. Age progression in the shield volcanism .....	70
IV.5. U-Pb zircon ages in syenites of Robinson Crusoe .....	70
Bibliography.....	71
Tables .....	73
Figures .....	74

### Capítulo V

<b>Petrogenesis of the shield volcanism in Juan Fernández Ridge, SE Pacific: melting from a low temperature pyroxenite-bearing mantle plume</b> .....	80
Abstract .....	80
V.1. Introduction .....	80
V.2. Geological background .....	82
V.3. Sampling and analytical procedures .....	83

V.4. Results .....	85
V.4.1 Petrography .....	85
V.4.2 Major elements and Ni geochemistry .....	85
V.4.3 Trace elements geochemistry .....	86
V.4.4 Radiogenic isotopes.....	86
V.5. Discussion.....	87
V.5.1 Low-temperature alteration .....	87
V.5.2 Differentiation and primary melts .....	87
V.5.2 Pyroxenite in the source of JFR .....	91
V.5.3 Sources of magmatism and pyroxenites in JFR.....	88
V.5.4 Mantle source modeling .....	89
V.5.5 Petrogenesis and magmatic evolution .....	92
V.5.6 Mantle compositional variations beneath Nazca Plate .....	92
V.6 Conclusions .....	93
Acknowledgments .....	93
Appendix A. Fractional crystallization model .....	93
Appendix B. OBS1 mantle source modeling .....	94
Bibliography.....	96
Tables .....	104
Figures .....	115

## Capítulo VI

<b>Geochemistry and isotopic features of the rejuvenated volcanism in Juan Fernández Ridge, SE Pacific .....</b>	<b>128</b>
VI.1. Introduction .....	128
VI.2. Analytical methods.....	128
VI.3. Geology and $^{40}\text{Ar}/^{39}\text{Ar}$ geochronology.....	128
VI.4. Whole-rock geochemistry.....	129
VI.5. Sr-Nd-Pb isotopes.....	129
VI.6. Discussion.....	129
Bibliography.....	131
Tables .....	134

Figures .....	137
---------------	-----

## **Capítulo VII**

<b>Discusión general</b> .....	141
--------------------------------	-----

VII.1. Etapas del volcanismo en la Dorsal de Juan Fernández y su patrón de ascenso y almacenamiento magmático.....	141
--	-----

VII.2. Origen del magmatismo intraplaca de JFR .....	141
--	-----

VII.3. Características de la pluma mantélica bajo JFR .....	142
---	-----

Bibliografía .....	145
--------------------	-----

## **Capítulo VIII**

<b>Conclusiones</b> .....	148
---------------------------	-----

<b>Anexo</b> .....	150
--------------------	-----
