Resumen	iii
Abstract	iv
1 Introduction	1
1.1 Problem Statement	3
1.2 Objectives	4
1.3 Methodology	5
1.4 Contributions	6
1.5 Thesis Summary	7
2 Background	9
2.1 Twitter	9
2.2 Document Representation	10
2.3 Geographical Data Related Concepts	13
3 Literature Review	15
3.1 Data Mining related Work	15
3.1.1 Event Definition	15
3.1.2 Detecting Events from Social Media Data	16
3.1.3 Quantitative Historical Event Analysis	16
3.1.4 Event Models Using Social Media	17
3.1.5 Geo-temporal Event Models Using Social Media Data	18
3.2 Information Visualization Related Work	19
3.2.1 Geovisualization	19
3.2.2 Geographical and Geo-temporal Visualizations	21
3.2.3 Geo-temporal Visualizations Using Social Media Data	21
3.2.4 Glyphs for Multivariate and Geographical Data	23
4 Geo-temporal Representation of Events Extracted from Social Media	25
4.1 Event Representation Definition	27
4.2 Exploratory Analysis Using the Event Representation	30
4.2.1 Empirical Setup	30
4.2.2 Country Representation Bias	33
4.2.3 Geographical Coverage	35
4.2.4 International Relations Exploration.	36
4.3 Known Limitations	42
4.4 Summary	43

5	Visualization of News Events by their Geo-temporal Representation	44
5.1	Interface Design	45
5.2	System Architecture	48
5.3	Tool Validation	49
5.3.1	Case Studies	49
5.3.2	Expert Feedback on the Visual Tool	52
5.3.3	User Study	55
5.4	Interface Design Evolution	61
5.5	Known Limitations	65
5.6	Summary	68
6	Cartoglyphs: Visualizing Geographical and Geo-temporal Data with Glyphs	69
6.1	Initial Designs	70
6.2	Cases Studies with Twitter Data	72
6.2.1	Observing Political Impact on Yemen Crisis	72
6.2.2	Following the Evolution of the Missing Malaysia Airlines Flight 370	73
6.3	Evaluation	75
6.3.1	Evaluating Cartogram Related Visualizations	76
6.3.2	Visualizations to Compare	77
6.3.3	Study Goal	78
6.3.4	Study Design	79
6.3.5	Participants	82
6.4	Results	82
6.4.1	Objective Metrics	82
6.4.2	Subjective Metrics	88
6.5	Discussion	89
6.5.1	Analysis of Research Questions	90
6.5.2	Recommendations for Design	91
6.5.3	Open Questions	92
6.6	Considerations to Validity	92
6.7	Summary	93
7	Conclusion and Perspectives	94
7.1	Contributions and Conclusions of the Dissertation	94
7.2	Future Work	97
A	Related Surveys and Questionnaire for User Study Conducted to Evaluate Galean (Chapter 5)	100
A.1	Questionnaire for news event analysis	100
A.2	Pre-survey: Demographic Information	100
A.3	Post-survey: Galean Interface	102
B	Post-survey for Cartoglyphs Study (Chapter 6)	103
	Bibliography	104
