

Contents

1	Introduction	1
1.1	Optimal Stopping and Prophet Inequalities	1
1.1.1	Posted price mechanisms and the prophet inequality	3
1.1.2	Prophet Secretary Problem and data-driven variants	3
1.1.3	Connection to the two-sided game of Googol	4
1.2	Our results	4
2	Preliminaries, Basic Algorithms and Statement of our Results	7
2.1	Preliminaries	7
2.2	Basic algorithms	8
2.3	Statement of our results	9
2.4	Preliminary lemmas	10
3	Maximizing the probability of picking the maximum	12
4	Maximizing the expected value	15
4.1	Distribution of the Maximum	16
4.2	Analysis of the basic algorithms	16
4.3	The combined algorithm	19
5	Large Data Sets (large k)	22
	Bibliography	28
