I. INTRODUCCIÓN.....	1
Objetivos generales.....	3
Objetivos específicos	3
Estructura del documento	3
II. ARTÍCULO PARA PUBLICACIÓN.....	4
1 Introduction	5
2 Study domain and data	8
3 Methods	11
3.1 Hydrological model.....	11
3.2 Parameters considered for sensitivity analysis.....	11
3.3 Sensitivity analysis approach	14
3.4 Performance metrics.....	15
3.5 Experimental setup.....	16
4 Results and discussion.....	17
4.1 Intra and inter-basin variability in parameter sensitivities	17
4.2 Identification of most sensitive parameters.....	21
4.3 What drives parameter sensitivities across continental Chile?	26
4.3.1 Runoff-oriented metrics.....	27
4.3.2 Evaporative processes.....	28
4.3.3 Snow processes.....	28
5 Conclusions	28
Acknowledgments.....	30
III. CONCLUSIONES	31
