

Contents

1	Introduction	1
2	Pricing with Infinitely Patient Buyers	2
2.1	Model definition	2
2.2	Structure of the optimal solution	3
2.2.1	Algorithm	8
3	Families of distributions and monopoly prices	11
3.1	Preliminaries	11
3.2	Stochastic Orderings	12
3.3	Monopolistic Pricing	15
3.3.1	Insufficient conditions for the monopoly prices to be non-decreasing .	15
3.3.2	Sufficient conditions for the monopoly prices to be non-decreasing . .	18
3.3.3	Further generalizations	20
4	Finite Capacity Problem	22
4.1	Capacity as a decision variable	22
4.2	Capacity as a constraint	23
4.2.1	Dual problem and sufficient conditions	24
4.2.2	Generalized Capacity Problem	28
4.2.3	Properties of the optimal solutions	30
4.3	Numerical experiments	32
	Bibliography	37
