

# Table of Content

<b>1</b>	<b>Introduction</b>	<b>1</b>
<b>2</b>	<b>Asteroids in the High cadence Transient Survey</b>	<b>5</b>
2.1	Surveys and Asteroids . . . . .	5
2.2	Looking for asteroids in HiTS 2014 . . . . .	7
2.2.1	HiTS observations . . . . .	7
2.2.2	Data Processing . . . . .	8
2.2.3	Survey Efficiency . . . . .	9
2.3	Analysis . . . . .	10
2.4	Detected Asteroids . . . . .	11
2.4.1	Magnitude Distribution . . . . .	11
2.4.2	Orbital Fitting . . . . .	11
2.4.3	Synthetic Color . . . . .	14
2.5	Summary and Discussion . . . . .	15
<b>3</b>	<b>Asteroids' Size Distribution and Colors from HiTS</b>	<b>17</b>
3.1	Finding the Size Distribution of the Main Belt: Not a single answer . . . . .	17
3.2	Data . . . . .	19
3.2.1	Data Processing . . . . .	19
3.2.2	Survey Efficiency . . . . .	21
3.3	Analysis . . . . .	21
3.4	Results . . . . .	23
3.4.1	Orbital Fitting . . . . .	23
3.4.2	Magnitude Distribution . . . . .	25
3.4.3	Absolute Magnitude Distribution . . . . .	28
3.4.4	Color . . . . .	30
3.5	Summary and Discussion . . . . .	35
3.5.1	Size Distribution and Ecliptic Latitude . . . . .	36
3.5.2	Colors and Asteroids Rotation . . . . .	37
<b>4</b>	<b>Colors of Irregular Satellites of Saturn with DECam</b>	<b>39</b>
4.1	Irregular Satellites Origin . . . . .	39
4.2	Data . . . . .	40
4.2.1	Survey Strategy . . . . .	40
4.2.2	Satellites' Localization . . . . .	41
4.3	Image Analysis . . . . .	41
4.3.1	Image Processing . . . . .	41
4.3.2	Photometry . . . . .	44

4.3.3	Stacked Images . . . . .	45
4.3.4	Obtaining Magnitudes . . . . .	46
4.4	Results . . . . .	47
4.5	Discussion . . . . .	47
<b>5</b>	<b>Summary and Conclusions</b>	<b>52</b>
5.1	About Minor Bodies in Synoptic Surveys . . . . .	52
5.2	About Asteroids' Sizes and Colors . . . . .	53
5.3	About Irregular Satellites . . . . .	54
5.4	About this and future work . . . . .	56
	<b>Bibliography</b>	<b>57</b>
	<b>Annexes</b>	<b>64</b>
Annexed A	Transforming Observer's Coordinates to Barycentric Coordinates . .	64
Annexed B	Night-to-Night Linking Algorithm . . . . .	66
Annexed C	Satellite Magnitudes . . . . .	67
Annexed D	Aleph: Ephemerides for Asteroids . . . . .	69
