

Table of Content

1. Introduction	2
2. Literature Review	3
3. Solving for the VRP with crowdsourced drivers (VRPNCD).	4
3.1 Problem Setting	4
3.2 Conceptual Framework	7
4. Models	8
4.1 Driver Preferences Model	8
4.2 Daganzo TSP approximation	10
4.3 Routing Model	11
4.3.1 A Heuristic Approach	13
4.4 The matching problem	15
5. Results	16
5.1 Results from the Driver Preferences Model	16
5.2 Result of the VRP Problem	17
5.3 Characterization of Proposed Routes	18
5.4 The gain of accounting for driver preferences.	21
6. Discussion and Future Research	22
7. Bibliography	24
8. Annexes	26
