Índice de figuras.....	vii
1 Introduction .....	1
2 Study domain.....	4
3 Data and methods .....	6
3.1 Datasets .....	6
3.2 Seasonality of streamflow and precipitation .....	7
3.3 ENSO type of year classification .....	7
3.4 Flow duration curves .....	8
3.5 Climatic variables and hydrological signatures.....	8
3.6 Composites and grouping .....	10
3.7 Hydrologic sensitivities.....	11
3.8 Weighted sensitivities.....	12
4 Results and discussion .....	13
4.1 Inter-annual variability of climatic variables and hydrological signatures.....	13
4.2 Connection between ENSO phases and streamflow distributions.....	15
4.3 Spatial patterns of composite anomalies.....	18
4.4 Role of ENSO through hydrologic sensitivities .....	27
5 Conclusions .....	36
