

Marx and Marxisms: New Horizons

ALLENDE AND POPULAR UNITY

THE ROAD TO DEMOCRATIC SOCIALISM

Paula Vidal Molina
and Ximena U. Odekerken

Allende and Popular Unity

This book is a fascinating collection of carefully handpicked key texts and speeches from Chile's *1,000 Days of Revolution*, previously unpublished in English. Twenty-three texts embodying the activity of Unidad Popular and Salvador Allende's government in the early 1970s are structured around five thematic sections, which tell the story of the common challenges for progressive political organizations and social movements today. The themes of participatory democracy and sovereignty, economy and social rights, women and gender equality, indigenous people, and worker-class syndicalism and political organization guide the reader through the multidimensional and global vision of Popular Unity's socialist project. Ideal for students, scholars, and general readers, this book introduces an extraordinary period in Chile's history to a new generation of readers interested in the resurgence of democratic socialism around the world.

Paula Vidal Molina is an associate professor in the Department of Social Work at the University of Chile. Her research interests include state politics and policy, public policy, and Chilean Marxism history.

Ximena U. Odekerken is a doctoral student at the National University of San Martin, Argentina. Her research interests include political history and the history of the Left in Chile.

Marx and Marxisms: New Horizons

Edited by Marcello Musto

The peer-reviewed series *Marx and Marxisms: New Horizons* will comprise rigorous scholarly books, accessible to general readers, offering innovative and critical works in the field of Marx studies and Marxism. The series will publish monographs, edited collections, and translations of volumes already issued in other languages, by both prestigious and emerging international experts, in the fields of political theory, history of political thought, sociology, political philosophy, and heterodox economics. The books in this series will provide original investigations within the Marxist tradition, push the boundaries of accepted interpretations and existing literatures, bring different concepts and thinkers into new relationships, and inspire significant conversations for today. They will come from a wide range of academic disciplines, subject matters, political perspectives, cultural backgrounds, and geographical areas, producing an eclectic and informative collection that will appeal to a diverse and international audience.
